

# THE CORRELATION MATRIX OF ENNEAGRAM AND TEMPERAMENT-CHARACTER

i CREATED THE CORRELATION MATRIX OF ENNEAGRAM AND TEMPERAMENT-CHARACTER. AS BIBLIOGRAPHY ABOUT ENNEAGRAM MAINLY I REFERRED TO HIDEKO SUZUKI'S WORK, AND AS CHARACTER AND TEMPERAMENT REFERRED OTOYA MIYAGI'S WORK. I EXPRESS RESPECT TO THE MIDDLE EASTERN WISDOM AND PSYCHOANALYSIS, OF COURSE. TEMPERAMENT IS RELATED WITH FIGURE. CHARACTER IS CONNECTED WITH AN INTROVERT (TIMIDNESS) AND EXTROVERT (AGGRESSION) VECTOR. THE INCLINED ELLIPTICAL FORM AND S LINE FORM RESPECTIVELY POINT THE CONSOLIDATIVE AND INTEGRATIONAL DIRECTION OF TYPES 3,6,9 AND TYPES 1,2,4,5,7,8. IN CONCLUSION, SPECIAL THANKS TO TAKANORI SATO WHO POINTED OUT THE RELEVANCE TO ENNEAGRAM AND TEMPERAMENT-CHARACTER.
